The Community Foundation for Ireland

Instead of, or in addition to a grant, the Foundation may offer the support of its board, committees and staff to provide expertise and assistance. The Community Foundation is keen to give active support to organisations where possible and welcomes invitations to attend open days and AGMs. When the Community Foundation cannot support an application it will try to suggest alternative sources of funding.

Types of projects we fund
The Community Foundation makes grants to not-for-profit and voluntary groups working in communities throughout the Republic of Ireland. The Community Foundation will favour projects leading to the social inclusion of people and communities who are excluded by reason of geography, race, age, disability, family circumstances, poverty, gender or race. The Small Grants Scheme has a particular focus on:

1. Carers
   Support for carers including actions such as the development of social networks, local respite initiatives

2. Older People
   2a. For outreach schemes which assist older people to join social groups and networks in their community. This is a pilot scheme whereby grants will be a maximum of €2,000. The foundation will require grantees to share learning of the strategies employed. Such information will be disseminated as best practice to other groups
   2b. For projects promoting social contact for older isolated men
   3b. For groups who are working with older people through visitation/phone services and with older people who are in hospitals/nursing homes for long periods

3. Families at Risk – Pilot Grants Scheme
   Aimed at very vulnerable children, this scheme is for projects which provide supports allowing children at particular risk to participate in social and educational activities within
their community. Applicants must be able to demonstrate that children are at particular risk. Indicators include substance misuse issues in the family setting, if they are in receipt of social work services, or in consistent poverty.

4. Sexual Minorities
Supports for sexual minorities, especially outreach projects to LGBT ethnic minorities and those in rural areas.

5. Ethnic Minorities
Assisting the building of networks and structures for ethnic minorities, with a particular emphasis on integration.

6. Mental Health and Integration
Community integration and supports for people who have had recent mental health difficulties.

The Small Grants Scheme seeks to
Support areas of work that are currently not well funded by the state.
