Grundtvig In Service Training Grants – for the Professional Development of adult education staff

Upcoming Deadline 30th June for courses starting between 1st October and 31st Dec 2008

If you are interested in undertaking training to improve your teaching skills or are interested in learning about different educational approaches, the Grundtvig In Service Training Grant enables those involved in the delivery of adult education in the formal and non-formal sectors to enhance their skills and broaden their awareness of lifelong learning within Europe.

The training can last up to 6 weeks and must take place in another eligible European country. It can take the form of a structured course, a placement or job shadowing, attendance at a conference or seminar. In the case of language training, the course should provide teaching tools and methodologies, rather than pure language skills.

Courses can be found on the Comenius Grundtvig Training

Database:
