An innovative mix of animation and live action, set over a scorchingly hot weekend, when people dealing with unexpected events find their lives intersecting. Nick visits a doctor for a routine medical and is given a devastating diagnosis but has to wait until Monday for specialist advice. Meryl, returning from a funeral, has until Monday to finish her project or lose her job. Andy is thrown by his girlfriend's ultimatum and has to consider the news of her unplanned pregnancy. The convergence of their paths creates an intriguing picture; intimate, universal and uplifting.

Reminiscent of early Jane Campion, animator Sarah Watt's accomplished and uplifting debut live action feature encapsulates a unique spirit and charm. Look Both Ways was a huge domestic hit in Australia, picking up 4 AFI Awards for Best Film, Best Director, Best Original Screenplay and Best Supporting Actor, and has won numerous critical and audience awards internationally.
